Fun in the sun with giant bubbles!

These boys made turtles today and created an underwater seascape!

This week some of the bubbles collected sticks and leaves to make a habitat collage. They also used a leaf identifier to identify the many leaves they collected.

Hard at work on Purple Mash

As you are aware, some schools in the local area have had confirmed cases of Covid-19.

We would like to reassure you that in the event of us being informed that a child or adult within school has symptoms **we would be in contact with everyone within that bubble.**

All of our bubbles are completely self contained, which means **no** staff or children in a Bubble come into contact with anyone from another Bubble - the children have separate rooms, outside areas and toilets. This means that we would not routinely contact parents/carers of children in other bubbles where symptoms of Covid-19 occur.

Please remember to contact the school as soon as you can if your child displays symptoms if they have been in school.

The regulations regarding this can be found on the GOV.UK website
